Accurate Weather Forecast?

Written by Administrator Wednesday, 17 July 2013 06:03 -

Tennessee April 2001: Weather forecast was 80% chance rain. There were immediate cancellations for that day's Creation Research Field Trip.

You've guessed - it didn't rain! Never forget the last accurate weather forecast was 40 days and 40 nights of rain. (Ref. Noah, rain, prophecy)
